**Continued Examination Under 37 CFR 1.114**

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on October 27, 2006 has been entered.

**Reasons for Allowance**

2. The following is an examiner's statement of reasons for allowance: upon reconsideration of the references applied in earlier rejections, it is noted that neither shows the specifically borosilicate glass window, but Warashina *et al.* (US006121621A) teaches at column 3, line 59 that such is a routine element of a container for a detector of ultraviolet (Fig. 2); furthermore, while Kozody *et al.* teaches an inequality of bandgaps at column 2, lines 42-51, even this does not suggest the requirement of independent claim 1 that both nitride layers have a larger bandgap (and Kozody *et al.* in the disclosed embodiment otherwise requires an inequality in the opposite direction, as discussed in the reply); Yang *et al.* (US006137123A) may do so for a different ternary system (Fig. 2); thus the combination as recited is not taught or suggested by any combination of references.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

**Conclusion**

3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Constantine Hannaher whose telephone number is (571) 272-2437. The examiner can normally be reached on Monday-Friday with flexible hours.
